

# U.S. Garrison Kwajalein Atoll Industry Day

U.S. Army Mission and Installation Contracting Command-Fort Sam Houston  
& US Army Installation Management Command

**Title of Event:** U.S. Garrison Kwajalein Atoll Industry Day  
**Audience:** Members of the government and industry representatives  
**When:** June 29-30, 2016  
**Where:** IMCOM Fort Sam Houston Theater, JBSA-Fort Sam Houston, TX

**Abstract:** The Mission and Installation Contracting Command-Fort Sam Houston has a requirement in support of the U.S. Army Installation Management Command, Fort Sam Houston, Texas, for base operation support services at the U.S. Army Garrison Kwajalein Atoll located approximately 2,100 nautical miles west-southwest of Hawaii. The requirement is to re-compete the current base operations and logistic support services. The scope includes but is not limited to public works, aviation services, transportation equipment, marine services, dining facilities, quality of life activities, medical dental and veterinary services, education, environmental services, grocery services, postal services, and safety services.

## Industry Day Goals:

- To ensure synergy between DOD and Industry representatives
- Communicate the government's requirement
- Incorporate industry comments into the performance work statement development process
- Address industry's questions or concerns
- Gain a better understanding of recent industry developments
- Provide updates to industry
